

M-Series SWING CORNER

SERIES

INTRODUCING M-Series Swing Corner

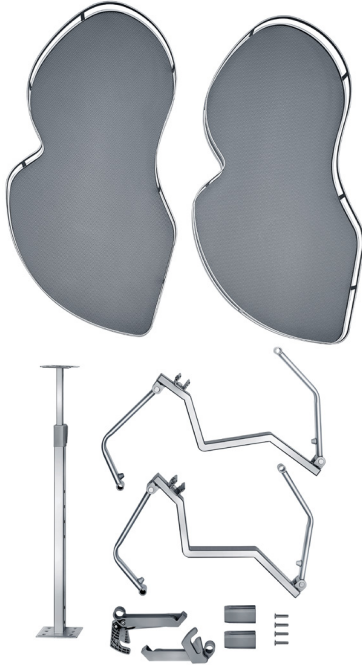

The M-Series Swing Corner pullout is made of high-grade MDF shelves with a Sunlight Silver finish to ensure a durable and cost effective solution to blind corner storage. A soft-close mechanism, 30kg (66lbs) load capacity, and pre-cut removable anti-slip mats are just a few reasons why the M-Series Swing Corner is an ideal blind corner solution.

Product Features:

- Optimized for an 450mm (18") door opening
- Designed for a 900mm (36") cabinet interior
- 3 height settings for customizable storage
- Soft-close for silent closing action
- Removable pre-cut anti-slip mats
- Telescopic mounting arm for easy installation
- Load Capacity: 2x15kg (33lbs)
- Dedicated Left or Right opening
- Sunlight Silver finish
