2P-10 Activator Aerosol 12oz Can

Two-Part Ten-Second (2P10) Activator in Aerosol 12oz Can

<div><br></div>

Volume ----- 12 oz

# **Product Description**

This is part of the FastCap 2P-10 Adhesive program. As a two-part 10-second adhesive, just apply the adhesive and then spray the activator. This will enable anything to stick for a strong, permanent bond.

This Activator comes in a 12 oz. aerosol can for high volume use. Please purchase adhesive separately according to your application.

### **Product Advantages**

- Speed and strength
- 10 seconds to bond
- Start sanding within 60 seconds

\_\_\_\_\_

- Dries crystal clear
- 4000 PSI tensile and sheer
- Breaks the wood, not the glue!

# **Product Application**

Apply adhesive to your material and then spray the activator. Stick your materials together for a strong, permanent bond.
