Product Description

The aluminum Cutt handle has been designed for use in large kitchens and office kitchens that are visible from living or dining room areas. The Cutt is an evolution of some of Viefe's other long designs in a more minimal version. It has a modern, robust shape, and is highly functional. It is ideal for installation near door edges or in the usual, centred position of contemporary handles. Available in polished chrome, stainless look, brushed brass and matte black finishes. Features dual mounting holes for two mounting sizes in one handle.
