Drive Type	Robertson
Finish	Zinc
Head Type	Truss
Length	1/2 in
Point Type	Type A
Screw Size	#6

### Product Description

These are steel tapping screws with:

- Truss Head:
- Original Robertson® square drive
- Type A sheet metal threads
- Sharp point

It is recommend to use only Original Robertson® bits together with Robertson® screws for a true "Cling Fit" that provides maximum recess penetration, holding power and driving performance.

### Product Advantages

- Fast tapping into metal, plastic and wood
- Excellent material engagement and thread starting

### Important Information

All Screws under 1" are fully threaded. Screws over 1" are 2/3 threaded to help prevent "jacking" when two materials are fastened together.
