## **Product Description**

DTC offers this series of mechanical push to open door latches that are suitable for pairing with Soft-Close or Self-Close hinges. These new silent bumper push latches can meet the different needs of furniture and cabinetry design and are available in a range of opening lengths and mountings. Now you can continue using your favourite hinge and add push to open to any cabinet. The trendy appearance of a cabinet door without a handle and the convenience of push-open delivers a new experience to users.
