Noise Reduction Rating	29 Decibel
Packaging	Poly Bag
Product Type	Earplugs
Protection Style	Roll Down Foam
Size	Regular

Product Description

Still one of the most widely used foam earplugs today, the 3M™ E-A-R™ Classic™ earplug is an economical, reliable choice in hearing protection and conservation. Slow recovery, low-pressure foam conforms to the shape of the ear canal to help create a comfortable, snug noise barrier.

Product Advantages

- Poly bag keeps disposable earplugs available.
- Flame-resistant and moisture-resistant
- Noise Reduction Rating (NRR)*: 29 dB. CSA Class AL.
- Test compatible with 3M™ E-A-Rfit™ Validation System. *The NRR may overestimate the hearing protection provided during typical use. 3M recommends reducing the NRR by 50% for estimating the amount of noise reduction provided.

Technical Documents

3M™ E-A-R™ Classic™ Earplugs

Proven Performance Plug it in

Classic earplugs were the industry's first foam earplug—virtually revolutionizing hearing protection. Today, the revolution continues. The Classic product line has been expanded to meet more wearer and environmental needs with its proprietary foams, preferred cylindrical shape, and proven in-ear comfort.

Leading the Advancement of Hearing Conservation™
