

DTC Universal marking jig

Part Number: 105-DT02

DTC Universal Marking Jig

Product Description

Take the guesswork out of setting undermount and ball bearing slides by marking your drilling holes with absolute precision. You can also use this jig for marking and drilling locations for hinge mounting plates.

Product Advantages

- Align with cabinet front and mark/drill your holes easily
- Follows 32mm system to suit a range of drawer slides
- Also works for hinge mounting plates (winged or inline)
