

# Salice F70 Push Undermount Slide, 700mm (28")

## Part Number: SG7E6P700XXB

Salice Progressa+ Synchronized Undermount Slide, Full-Extension, Push-Open, 700mm (28in)

A new generation of heavy-duty fully synchronized drawer slides. Available in the full range of lengths from 350mm to 750mm.

Closing Type	Push-Open
Length	700mm (28in)
Load Capacity	78kg (170 lbs)
Mounting Type	Screw-In
Slide Extension Type	Full Extension
Slide Type	Undermount

## **Product Description**

The next generation of heavy duty drawer slides, featuring a fully integrated, synchronized rack and pinion system. Suitable for every drawer in the house and any commercial application also thanks to the optional synchronizer kit (sold separately).

Salice's patented fully integrated Push-to-open system for handle-less cabinets and more requires only a slight pressure of the drawer front to open the drawer.

The synchronization system for Progressa+ Push slides has been developed to ensure that wider drawers can be opened with minimum effort. The system links the two runners, which then become a single element; applying pressure on any part of the drawer front (even at the extremities), is sufficient for the Push devices to release and consequently for the drawer to open. Although, the synchronization can be used with any drawer width, its functionality is ideal with drawers wider than 80cm.

## **Product Advantages**

- 78 kg (170 Lbs) Static load capacity
- 70 kg (154 lbs) Dynamic load capacity
- · Full extension with a synchronized mechanism
- 700mm length
- Integrated Push opening system
- · Elongated holes for depth and height adjustment
- · Adjustable clips allow for easy drawer insertion and removal
- The drawer is latched when closed
- Tool free depth adjustments +/- 3 mm
- Tool free side adjustments +/- 1.5 mm
- Tool free height adjustments + 2.5 mm (located on runner)
- Optional:
  - Tool free tilt adjustment +3 mm
  - Progressa+ Push Synchronizer
- 12 mm (1/2") to 16 mm (5/8") drawer thickness
- Finish: bright zinc-plated
- 100% Made in Italy

## Disclaimer

Salice Undermount Slides do NOT include front locking clips. These must be ordered separately.

#### **Technical Documents**

- Progressa slides meet and exceed Ansi BHMA A156.9-2020 Grade 1 standard
- Full extension with a synchronized mechanism. Available in Soft Close, integrated Push-to-Open and Shelf version
- Tool free height adjustments + 2.5 mm Tool free depth adjustments +/- 3 mm Tool free side adjustments +/- 1.5 mm
- · Lifetime warranty, 100% Made in Italy

#### **S-Drive System**

All versions and lengths of Progressa have an integrated rack and pinion system, which synchronizes the sliding elements and guarantees a true progressive action, excellent lateral stabilityand a perfectly silent movement.

Progressa, a cutting-edge generation of high-performance, full extension undermount drawer runners that redefine precision and durability.

- True progressive action
- · Static load capacities ranging from 55 kg on Progressa to 78 kg on Progressa+ Dynamic loads spanning from 45 kg on Progressa to 70 kg on Progressa+
- Length range from 350 mm to 750 mm in 50 mm increments
- No additional stabilizer bar needed
- Compatible with drawer side material thicknesses . between 13 mm (1/2") and 16 mm (5/8")

### **Front Locking Devices**

2-way clip, with side fixing
