Product Description

The Arpa Plate handle, designed by Viefe Studios, draws inspiration from the Graf model's vertical lines, marrying style and usability. Its base plaque ensures versatility across environments and furniture styles, retaining its elegance and industrial aesthetic. When affixed to framed doors, it accentuates furniture and its surroundings, reflecting sophistication and adaptability. Crafted from aluminum, it comes in stainless steel, dark brushed brass, brushed black, and new rustic brass finish, ideal for melamine-covered wood and rustic-style furniture seeking an industrial touch of elegance. The four sizes enable dynamic compositions in kitchens, bathrooms, dressing rooms, bedrooms, and custom spaces.
