### Vibo FlyBox

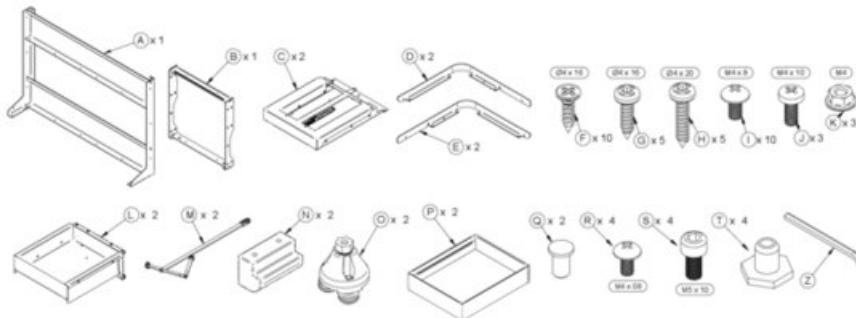

### Product Features

The Vibo FlyBox is a modern solution for 450mm/500mm and 600mm blind corner cabinets. This easily accessible unit allows four storage boxes to be pulled out from the cabinet with minimal effort and soft-close functionality provides a whisper quiet return to the cabinet interior. Thin, yet rigid sidewalls, a high load capacity and reversible installation make the FlyBox as rugged and reliable as it is beautiful and convenient.

- Two sizes available: 450mm/500mm (18" / 19 1/4") or 600mm (24")
- Full soft-close
- Two drawers per tier
- Snap together storage boxes streamline assembly
- Reversible for left or right side installation, simplifying the ordering process
- Load capacity: 25kg (55lbs) per tier

## Technical Documents

The advertisement features a dark background on the left with the Marathon Hardware logo at the top. Below the logo, the text "VIBO FLYBOX" is written vertically in large, white, sans-serif font. A QR code is positioned to the right of the text. At the bottom left of this section, the phone number "800.840.1228" and the website "MARATHONHARDWARE.COM" are listed. On the right side, there is a photograph of the VIBO FlyBox installed in a cabinet, showing two tiers of drawers pulled out, each containing various jars and containers. Below the photo, the "ViBO" logo is displayed, followed by the text "INTRODUCING Vibo FlyBox". A paragraph describes the product as a modern solution for blind corner cabinets, highlighting its accessibility, soft-close functionality, thin yet rigid sidewalls, high load capacity, and reversible installation. A "Product Features:" section follows, listing six key attributes: two sizes (450mm/500mm and 600mm), full soft-close, two drawers per tier, snap-together storage boxes, reversible installation, and a 25kg load capacity per tier.
