

Libra CH bottom element fixing set

Part Number: IFC010002866

Libra CH Top / Bottom Element Fixing Set

Brackets designed for fixing the LIBRA CH cabinet hanger to the top and bottom panels of a cabinet.

Product Description

The LIBRA CH is an advanced hanging solution designed to complement standard cabinet hangers, making it perfect for heavy or deep wall-mounted cabinets. It features a mechanical sledge that allows for smooth vertical and in-depth adjustments, ensuring precise alignment and easy modifications. The innovative design includes a patented anti-turnover device, adding an extra layer of stability and preventing any unwanted shifting. Additionally, it seamlessly adapts to side hanger adjustments, making it highly versatile and reliable for various installations, whether in kitchens, bathrooms, or commercial spaces.

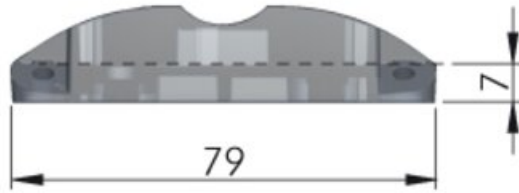

Product Advantages

- Multiple hanging points, facilitates even load distribution, ensures stability.
- An anti-turnover locking screw securely fastens the cabinet to the wall.
- Can be mounted with optional aluminium bars to evenly distribute the weight, reducing stress on the wall.

Included Products

Included plate and mounting screws.
