

K Push Tech drilling jig

Part Number: IFY0JG0112RO

K Push Tech Drilling Jig

K PUSH TECH Drilling Jig, designed for precise drilling on panels with thicknesses of 16mm, 18mm, and 19mm, and up to 50mm

Product Description

The K PUSH TECH Drilling Jig is your all-in-one tool for the full K PUSH TECH range, whether concealed or visible. It handles drilling at any angle—even on fully assembled cabinets.

Spacers are provided to accommodate precise centering on thicknesses of 16mm, 18mm, and 19mm.

The Drilling Jig can be adjusted for use on panels with up to a 50mm thickness.
